Bristol Radical History Festival

2023 sees the 5th annual Bristol Radical History Festival. This is hosted as usual by the fantastic M Shed, the museum on the city's historic harbourside that tells the story of Bristol and its unique place in the world. We warmly invite you to join us at this popular event.

Themes

We have a full programme based on two main themes:

Radical Bristol and the Visual Arts
Bristol Trade Union History Then and Now

It's not all talks...

Expect walks, films, singing, and performances, as well as books and merchandise from local and national groups.

Exhibitions:

- # Visual Mapping Project—Women's Threads of Bristol
- # Facing up to the Fascists: Confronting the National Front in Bristol in the 1970s
- # Anti-Apartheid Movement in Bristol

**As always, the festival is a free event,
with no booking required.**

**Check BRHG website and social media for
full programme and updates.**
